

The analytical solution experts

» ANALYTICAL SOLUTIONS

WE DESIGN & BUILD

- » Process gas analytical systems
- » Climate controlled analyzer cabinets and shelters
- » Continuous emission monitoring systems (CEMS)
- » Biogas analysis systems
- » Sample draw ambient gas detection systems
- » Water quality analytical packages
- » Systems for hazardous locations
- » CSA approved systems

INNOVATIVE SOLUTIONS

- » Dry extractive, hot wet, or in-situ
- » Phase separation
- » Water wash systems
- » Cyclonic filtration
- » "Cold-finger" probes
- » Multi-point sampling

FOR MORE INFORMATION:

The key to success in analytical systems rests in the integration of the equipment rather than with the analyzer itself.

Novatech's unparalleled expertise in providing **innovative, reliable & high quality** analytical sample conditioning systems along with our integration capabilities is what makes us stand apart from our competition.

Our highly specialized team offers:

- » Design
- » Development
- » Consultancy
- » Manufacturing & Integration
- » Engineering services
- » Commissioning and training services
